

DC10/5V

10 Channel Battery Charger (for Electronic Conference Electronic Nameplate)

Description

It can charge 10 (wifi) tables at the same time to ensure the smooth progress of the meeting; Fully intelligent design, compatible with iPad, Samsung and other brands of tablet computers, intelligent detection of iOS, Android system devices, for fast charging; Intelligent detection, when the machine and equipment are charging, there are LED lights indicating, whether it is charging or the power supply is sufficient, there will be different lights to let users know the use of charging status.

Features

- Conference System DC power battery charger
- 24 POE outputs for IP terminals
- Support both 802.3at (30W) and 802.3af (15.4W)

Specifications

Model	DC10/5V
Rechargeable model	D7022II
Rated (total) power	200W
Machine size (L×H×D/mm)	270mm L * 145mm H * 50mm H

Rated voltage	DC4.5V-DC5.5V
Rated current	~2.4A(max.)
USB port current	400~500 mA (mini.)
Current of the USB port	>2100 mA
Weight	1.6KG
Material	Metal frame and high quality paint coating
Working temperature	-5°C ~ 45°C
Storage Temperature	-25°C ~ 65°C
Working Humidity	5%~95%
