

D6526

100W Professional Full Range Speaker

Description

The D6526 is a 100W professional full range speaker with a phased-inverted low-frequency design, wooden case, and surface perforated metal mesh. It offers multiple hanging options and a bottom slot for wall or tripod mounting, ensuring versatile and high-quality audio performance.

Features

- Phased-inverted low frequency radiated two-way loudspeaker system;
- Wooden case processing by water based paint spraying with black spot on the surface perforated metal mesh acoustic penetration cotton;
- The speakers are equipped with multiple hanging holes for installation using mounting rings and ropes.
- The bottom of the speakers features a slot for wall mounting or tripod support.
